

Summer Playground Programs Start

Four Parks, Seven Schools Offer Supervised Play

The city-school-sponsored summer recreation program moved from high gear into over-drive this week at four city parks and seven schools, and was reported rolling smoothly, according to Frank Carpenter, director of recreation.

Six play areas opened Monday morning and all continue to provide supervised recreation from 10 a.m. until 4:30 p.m. until August 28. Operating under these hours are Torrance City Park, Waveria Park, El Retiro Park, Torrance High School, and Greenwood Elementary School.

Activities at Torrance High School will be reserved for teenagers, 13 years and up. Organized tournaments and free play will be conducted in badminton, basketball, volleyball, softball, ping-pong and table tennis. Coach Cliff Graybehl will supervise the activities from 10:30 to 4:30 each day including Saturday.

From now until the end of summer school, Aug. 1, five playgrounds will open at 12:30 p.m., closing four hours later. Operating on the limited schedule are the playgrounds at the following elementary schools: Seaside, Perry, Crenshaw, North Torrance, and Fern Ave. The playgrounds will open at 10 a.m. after the summer school session.

An improvement over last year's program has resulted in the opening of the playgrounds on Saturdays.

A male and a female playground directors has been assigned to each play area. Special events are scheduled for each week throughout the summer. Starting Monday, June 22, a Safety Contest will be conducted at each playground. Prizes will be awarded for posters, bicycle safety demonstrations, and other phases of street and playground safety.

Parents interested in having their offspring participate in one or more of the special craft programs to be conducted at each play area should contact the directors at each playground. Special instructions will be of-fered in leathercraft, copper working, raffia weaving, paper craft, and other handicrafts.

Organized and free play sched-ules will be conducted in ping-pong, softball, tetherball, volley-ball, checkers, hopscotch, and similar playground sports and activities.

Additional information concern-ing the summer program may be obtained by calling the Rec-reation Department at FAIRfax 8-4108.

'53-54 Budget Reflects 3-cent Tax Rate Hike

to render the increase in ser-vice required, and to improve the standard of service where pos-sible, a record budget will be required for 1953-54. Moderate increases in most sources of revenue are anticipated. A con-sidered heavy volume of con-struction is indicated for at least the first half of the com-ing year.

"It is planned to hold a Special Census late this summer to officially establish the city's population at a figure above forty thousand. The increased population will result in a sub-stantial increase in gasoline tax and in-lieu moneys to be re-ceived from the State.

"To provide the necessary funds for the proposed budget amounting to \$1,240,948, a tax rate of \$1 per \$100 will be ne-cessary, based on estimated as-
